

2016 HUNTER'S CATALOG

QUAKER BOY[®] *Hunters' First Choice*[™]

On behalf of the entire Quaker Boy family, THANK YOU THANK YOU THANK YOU!!!!!! Since 1976, the hunting fraternity has allowed us to serve your game call needs. Without the support of hunters across the continent, we would not be celebrating our 40th Anniversary in 2016. For that we are grateful and appreciative of your trust.

Family owned and operated, Made in the USA since 1976..... we are proud and thankful for the blessing!

Hunters are a demanding group, always in need of more effective tools. Quaker Boy is proud of innovative lineage: Old Turk, Cutter Mag, DD Adams Double Slate, Curved Lid Box Call, Bandito Facemask, Bleat in Heat, Full Tilt, Ridge Runner, the Brawler to name a few... all original cutting edge items that change the way we hunt today.

Evolving as a company is not what we have ever been about; elevating the outdoor experience for others is what we do. Our new Elevation Series items are proof that we are still the leader in game call innovation. Step into the Elevation Zone and see your calling experience rise up to unthinkable heights!

The proof is in the field! I was locked and loaded with my Elevation prototypes on every hunt in 2015 and they did not disappoint!! From Texas to Wyoming and Mississippi to New York I had a blessed, Elevated season and look forward to many more!!

Again, the entire QB Crew can't thank you enough for letting our passion of building the highest quality, most innovative game calls, be a small trusted part of your hunts!

God Bless,
Chris Kirby

POT CALLS

THE ORIGINAL HAWG TROUGH™

040191136959

The Original Hawg Trough call is an “Old School” turkey killer. Hand Crafted to meticulous standards, the sleek narrow trough design aligns the Wildwood Ash striker tip naturally on the aluminum striking surface; allowing for deadly sweet hen talk. The American Hardwood base holds a strategically placed slate striking surface on the backside to produce the subtle seductive early morning hen chatter.

X-POT™

040191137079

The X-Pot takes out the guesswork. A “Diamond-dusted” center, teamed with traceable operation marks, leads you to the proper surface area to use. By crossing from the smooth anodized aluminum section in to the “Diamond-dusted center, the X-Pot will automatically produce the high-to-low note needed to produce a perfect hen yelp! Start at the top of the X and trace it to the center - a perfect yelp will result every time!

TRIPLE THREAT™

040191136379

Triple your chances! This call features three calling surfaces all in one: Slate, Aluminum, and Green Plexi. DEER CALLS & ACCESSORIES

BRAWLER™

040191926215

Like a big buck's chest, the mouthpiece carries some weight to it. The revolutionary "Eso Tube" is constructed to mimic a buck's esophagus. The hard, reverse cone on the end resembles the mouth of a buck. These three attributes produce the most realistic buck grunts ever!

RIDGE RUNNER HEX™

040191926246

The Ridge Runner Hex revolutionizes grunt calling Whitetail Bucks. This call is guaranteed not to stick or freeze up with the Ridge Runner's unique tongue design. The Ridge Runner is dual-tone adjustable by simply positioning the O-ring and by adjusting the length of the tube.

SWASHBUCKLER™

040191926277

The Swashbuckler offers the multiplicity of sound, every deer hunter needs. The double mouth piece design is ready to grunt and snort wheeze right out of the gate. That's just the beginning.... A quick detach of the Snort Wheeze piece and you get a totally different snort wheeze sound. Grunt and the sound is allowed to reverberate back through the open end offering yet another tone variation. Compress the silent adjust rubber tube ads inflection and personality to your calling. All this is powered by our freeze proof internal reed system that will not freeze or stick when the critical moment arrives.

BLEAT-IN-HEAT™

040191926079

Simple operation. Mistake free.
Perfect doe bleat every time.
Protective cap.

BLEAT-IN-HEAT II™

LUCY COW & CALF CALL™

040191426104

The open-reed design of the Lucy Cow & Calf Call will reproduce all cow and calf calls that bring elk into shooting range all times of the hunting season. Lucy allows you to place the reed end of the call into your mouth, the way you prefer, reed against your upper lip or against your lower lip.

HYPER HERD MASTER™

040191426043

The Hyper Herd Master elk call is constructed with a reed that gives you the higher, more hyper sounds of a cow elk. A high-density acrylic sound chamber makes this call a must for every elk hunter.

PREDATOR CALLS

JACK RABBIT SCREAMER™

040191626276

Designed for all sizes of predatory animals. Open reed design reproduces screams, squalls, and bawls. These distress calls will bring the wariest of predators into close range.

SCREAMIN' COTTONTAIL™

040191626252

Simple to use, reproduces high-pitched screams of a distressed Cottontail. Great for close-in or long-range calling. Works on all predators!

DISTRESS FAWN™

040191626269

Compact reed-type call. Reproduces a great Fawn distress sound that big predators find hard to resist.

SUPER SCREAMER™

040191626023

Best all-around predator call. Reproduces all rodent squeaks and larger prey squalls and screams. Super long-distance and close-in call. The Ultimate Predator call!

MOUSE SQUEAKER™

040191626085

Easy-to-use squeezable bulb makes perfect close-in rodent squeaks every time! Hands free application.

PELTMASER™

040191626283

Variation is the key to fool predators into range. The Peltmaster is a two-in-one call which offers the ability to create the loud, shrill screams of a cottontail rabbit and the soft, coaxing sounds of a mouse.

CHOMPERS™ 3-PACK

040191626290

A unique and authentic combination of hands-free sounds that will fool the wariest of predators. The short range (black) call is your finishing call. It produces the soft cries of small rodents. The mid range (smoke) call will produce clean, less raspy cries and screams. The long range (clear) call is designed to produce the loud, raspy sounds of a rabbits in distress.

DOUBLE DOG™

040191626160

2 calls in 1! The Double Dog predator call is a double-edged sword. Pick a side and they are both deadly. One side produces barks and howls of the coyote, the other side creates the squeals and squalls of rabbits and other prey.

TALKIN' PREDATORS™

040191140031

This audio CD teaches the coyote life cycle and the use of all calls pertaining to hunting not only coyotes, but all types of predatory mammals. Each call is explained and demonstrated for proper use and care. Veteran hunter David Millsaps will discuss tactics, set-ups, how-to and how-not-to, when it comes to calling and hunting all predators.

PREDATOR CALLS

COYOTE 2-PACK™

040191626300

Two calls in one convenient package! Alpha Male Coyote Howler is an open-reed call that not only will locate Coyotes anytime, but will also call them in during the breeding season. Screamin' Cottontail is a closed-reed call that reproduces the distressed screams of a cottontail rabbit that coyotes find hard to resist any time of the year.

3-DOG NIGHT™

040191626313

As with people, coyotes have voices that differ with sex and age. This family pack will enable you to make all the different sounds a pack of coyotes may make. This is done by varying the thickness of the reed and in the configuration of the sound chambers. The call with the horn will be the coarser male. The call with the tube covers the females, and the plain sound chamber will be the higher-pitched juveniles.

HOWLER PLUS™

040191626016

Create a full range of screeches and squalls, or barks and howls for maximum versatility. Compact design, comfort grip and includes lanyard. Dual function cap allows calling when on or off. Includes instructional CD.

SCREAMIN' KILLAR PIPES™

040191626245

The hands free operation of the Screamin' Killar Pipes gives you the versatility of reaching our long range (smoke) or can be used for close-in calling (clear). Both calls reproduce the screams, squalls and squeaks of rodents that predators prefer.

SQUEEZIN' SCREAMER™

040191626030

The Squeezin' Screamer provides extra volume and distance. It reproduces a variety of long and short-range rodent screams or squalls and can also produce soft intense squeals of mice by cupping the end of the horn. Can be operated hands-free underfoot.

MOOSE CALLS

THE BULLDOZER™

040191736036

The Bulldozer is the most versatile Moose call on the market today! The Bulldozer will reproduce the mating bawl of the Cow, lost call of the Calf and guttural grunts of the Bull Moose. The Bulldozer also has a water-resistant calling surface that will work in most weather conditions. This call can also be used as an air-operated Cow, Calf and Bull cow by simply using your vocal chords. Placing the smaller end up to your lips as if you were using a Birch Bark horn!

THE MOOSE MATE™

040191736012

Designed to make the mating bawl of the cow Moose and the lost call of the calf. Dual functioning cap allows calling when on or off. Compact with comfort grip for easy handling. Enhanced volume and control. Complete with lanyard and instructional CD.

MAMA MOOSE™

040191736026

The Mama Moose open-reed Cow and Calf call will bring Bull, Cow, and Calf Moose into effective shooting range. This call will reproduce mating bawls of a Cow Moose or lost calls of a Calf Moose. The open-reed design allows you to add many variations to your calling.

SCOLDER™ SQUIRREL CALL

040191026069

Now you can effortlessly create realistic squirrel barks and chatter. The simplest, best-sounding squirrel call available.

SQUIRREL CALLS

WATERFOWL CALLS

WOODY WOOD DUCK WHISTLE™

040191226063

A. LONG NECK GOOSE FLUTE™ 040191326077

Made of rich green acrylic, this call has unsurpassed realism. The long barrel is designed to reproduce realistic goose talk with minimal practice.

B. WINGMASTER™ GOOSE CALL 040191326107

User-friendly and incredibly realistic. Works like a standard blow-type goose call, yet has the sound quality of a modern flute call. Single reed. Simple to master.

C. SHORTY HYBRID GOOSE FLUTE™ 040191326084

The best of both worlds, the Shorty is built like a blow-type call but with a short reed. The sound quality is like a flute call. Produces excellent calls with minimal practice.

D. FROSTY™ SNOW GOOSE CALL 040191326091

Short reed design requires very little airflow. With incredible volume and sound, the Frosty will have you talking to snow geese in short order.

SUZY-Q I™

040191226216

SUZY-Q II™

040191226223

Gone are the days of field cleaning your duck call. The Suzy-Q series features a design that offers limited contact between the reed and the sounding board. The results: No moisture build up, no sticking, no freezing up. Available in a single reed open water design and a raspy double reed for the softer needs of a timber hunter. The O-ring design allows for simple tone-quality adjustment.

ACRYLIC QUACKMASTER™

040191226230

The Acrylic Quackmaster is part of our premium waterfowl line, combining all the best qualities into one great call. Designed to be easy to use, this single reed design is great for open water hunting.

ACRYLIC RASPY QUACKMASTER™

040191226247

The Raspy Quackmaster like it's companions, has an easy-grip design for comfortable handling. Durable double-reed construction, great for timber hunting the call-shy duck.

TURKEY THUGS™

NEW FOR 2016!

WATERPROOF COMBO™

040191995013

The THUG Waterproof Combo is loaded to the beak with turkey killing machines. The Lil' Big Time box call is sleek design, crafted of American Hardwood, that packs big time sound. A Silencer ring is added to prevent unwanted noise as you move through the woods. The Thug H2O Yelper is the easiest, most effective call used by professional and beginner hunters alike. Crafted of American Hardwood, the spring loaded design simplifies yelps, clucks and purrs to nothing more than a push of a button. The Lil' Big Time and Thug Yelper are topped off with our proprietary waterproof coating to ensure quality turkey killing tones no matter what mother nature throws at you. The Half Moon Thug Ghost mouth call rounds out this pack. The Half Moon Thug Ghost is meticulously constructed of two and half layers of latex. The center of the longest reed is notched out for rasp, stability is gained with the Half Moon backer reed, offering the ability to perform medium rasp, turkey killing sounds.

TONE BLAST™
TECHNOLOGY

8-BALL™ 040191993088

The THUG 8-Ball box call elevates itself above all. Meticulously hand crafted with Cherry lid and Poplar bottom. The THUG 8-Balls Patent Pending ToneBlast technology frees the sound from the interior of the box. The sound is no longer trapped inside; The ToneBlast ports allow yelps, cuts, clucks and cackles to escape the interior of the box, reaching gobblers ears with clarity and definition.

FULL TILT QUAD™

040191994085

The Full Tilt Quad call is the most versatile pot call ever designed. The Variable depth chamber is teamed with a precision matched internal sound board, topped with four distinct calling surfaces. Perfectly matched with the Wildwood Ash striker, the Full Tilt Quad produces the sweet and subtle morning hen chatter, yet has the ability to ramp up to extreme ringing rasp. The Full Tilt Quad performs the complete range of turkey tone variety.
