Meat Hook (Grunt call)

THUG Meat Hook is packed with practical yet revolutionary features. The flat, more user friendly mouth piece allows the call to be used hands free. Our revolutionary ridge style reed system will not freeze or stick under any hunting condition. The “Eso Tube” system easily and silently, compresses and expands adding inflection and personality to your grunts. The innovative “HOOK”, allows you to hang the Meat Hook anywhere around you to keep your call at the ready. Loud aggressive challenge grunts to soft tending grunts, old bucks or young bucks.
